Practical Uses

Indoor & Outdoor Floor Graphics

Social Distancing and Wayfinding Decals

Social distance queuing has become an essential part of business.

Let wayfinding decals help you increase awareness, eliminate confusion and provide clear direction:

- Mark the six feet of safe distance between customers waiting in line
- Direct people to temporary sites for testing, isolation or check-in locations
- Reduce stress by helping people navigate through healthcare facilities
- Coordinate vehicle traffic for drive up testing or curbside pickup

Features and Benefits:

- Customize for your brand
- Include your own copy and logo
- Choose from indoor and outdoor options
- Apply to any type of surface
- Meet the demands of temporary, short or long-term need
- Order in any quantity to accommodate your budget or need

Application Scenarios

Lounge Booths

Fast Food Booths

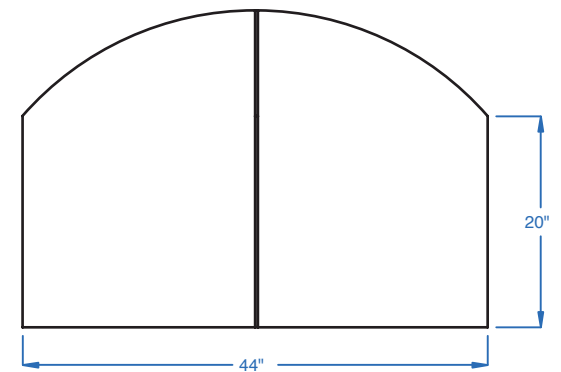

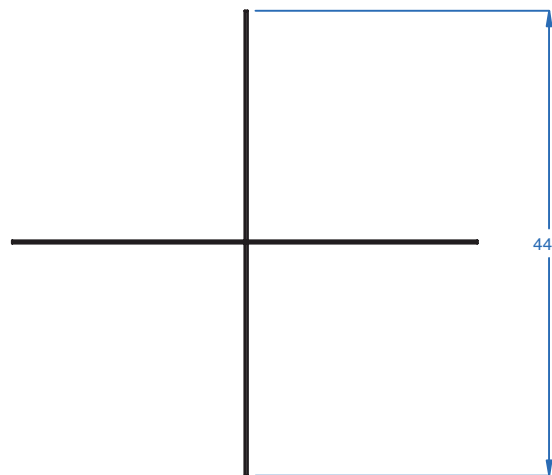

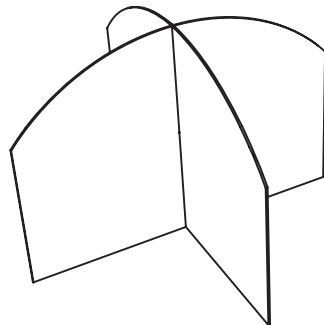

Diner Booths

Countertop Design A

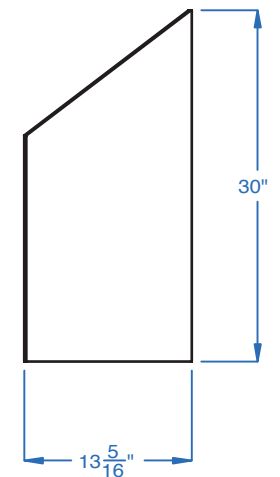

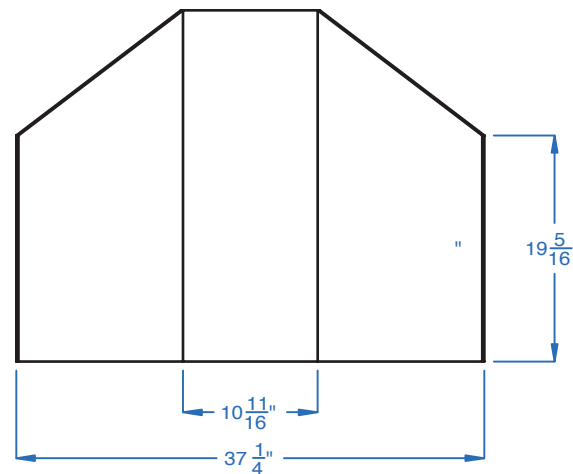

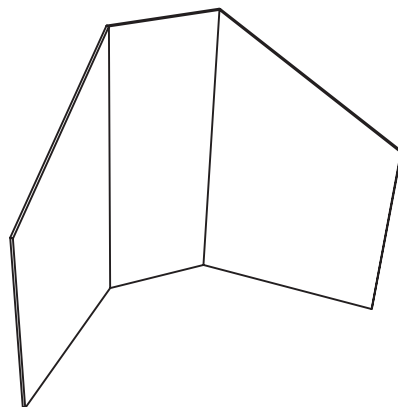

Two slotted pieces of 1/4" clear plexi slide together to fit on tabletop

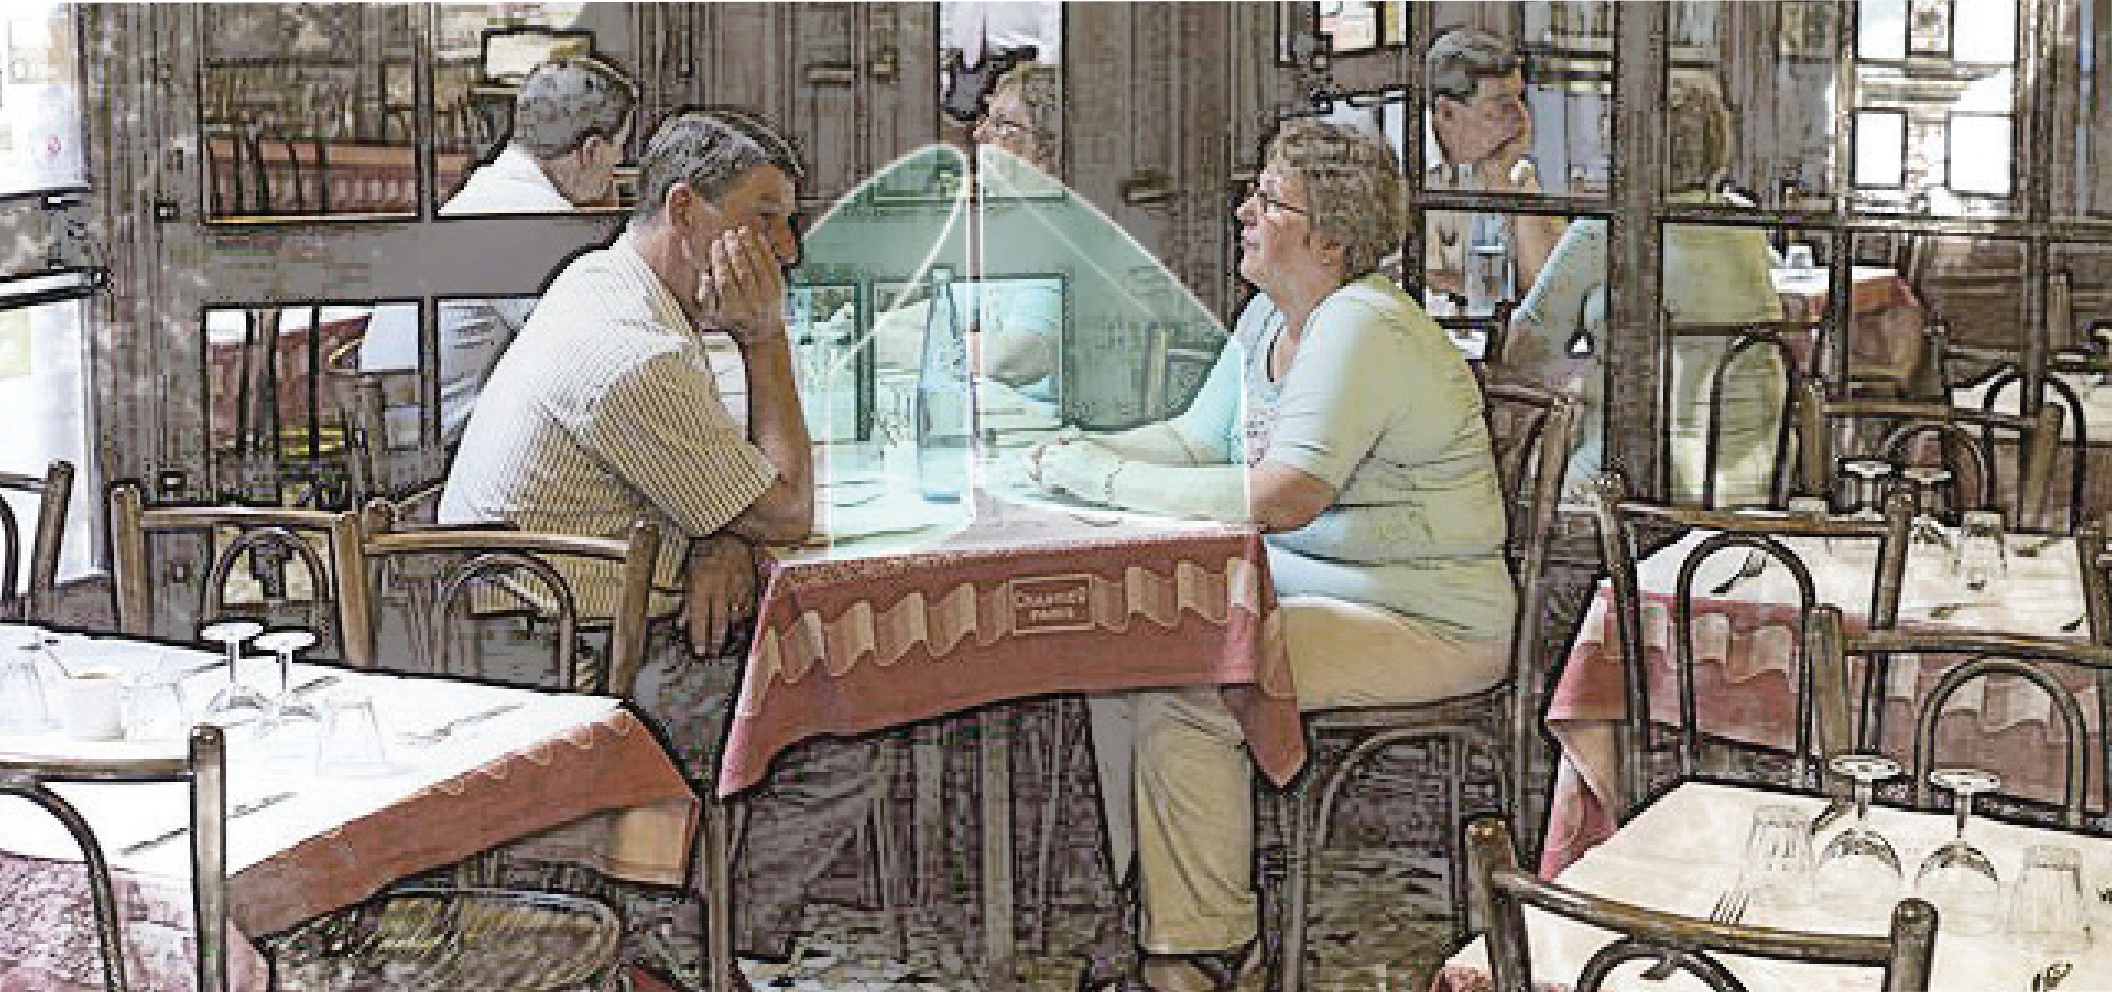

Countertop Design B

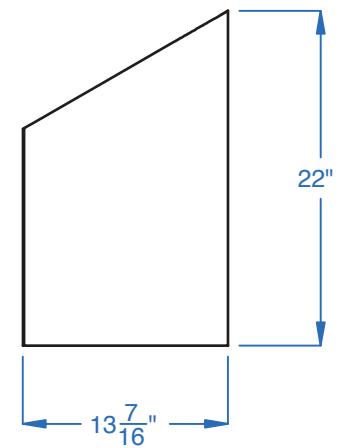

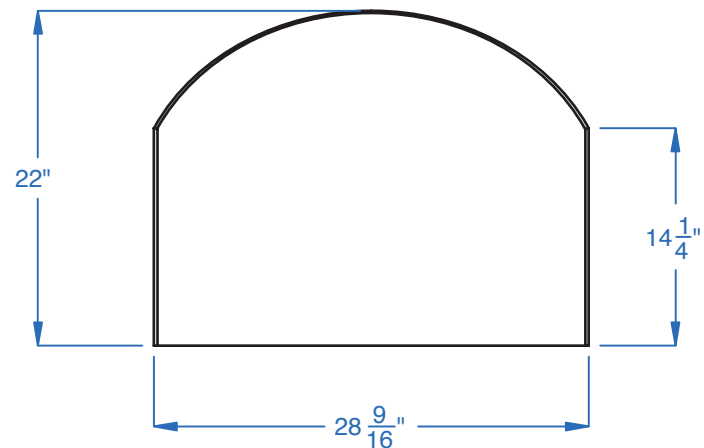

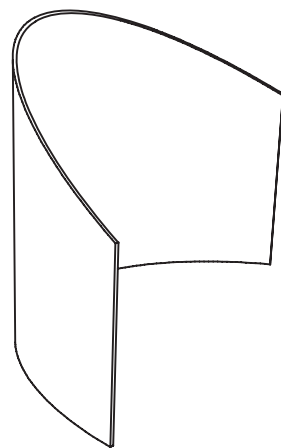

One piece of 1/4" clear plexi
heat bent to fit on tabletop

Countertop Design C

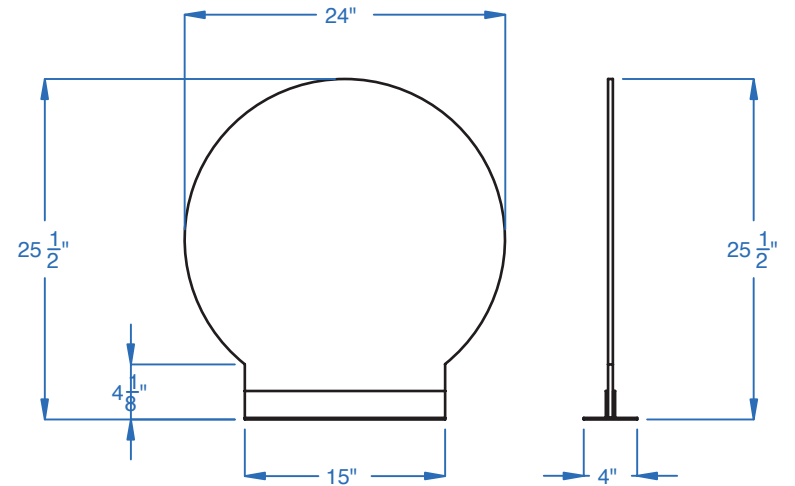

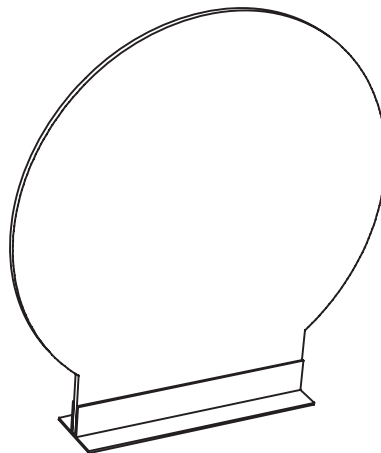

One piece of 1/4" clear plexi
heat bent to fit on tabletop

Countertop Design D

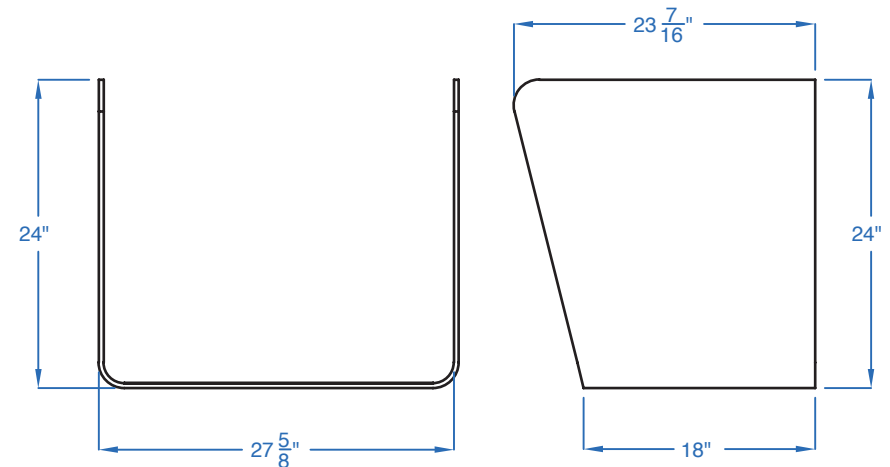

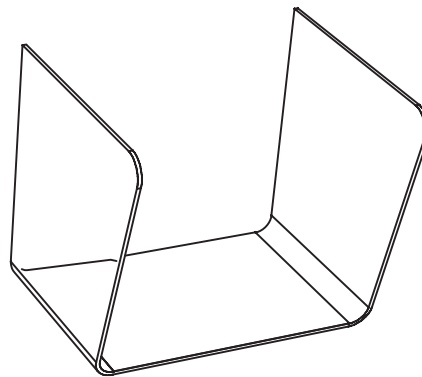

One piece of 1/4" clear plexi
with aluminum base

Countertop Design E

One piece of 1/4" clear plexi heat bent sled design. Matte laminate on base protects shield from heat & scratches. Thin neoprene rubber underneath protects countertop and prevents shield from sliding

Bracket allows for adjustable arm rest width, 2" - 4" wide
Plexiglass window 14" (w) x 24" (h) or 16" (w) x 30" (h)

Auditorium & Stadium Seat Dividers

Provides added protection in classrooms, auditoriums and other similar seating areas with close proximity to others.

Features and Benefits:

- Steel Bracket with Clear plexiglass window and Flexible U-Channel Frame
- Quickly clamps onto arm rests
- Easy to clean | disinfect
- Durable construction for longevity in high use areas

Pew Guards with Mobile Dividers

Helps provide protection for people in congregational pews and stadium seating. Elegant design blends with your furnishings and provides longevity in high use areas.

Features and Benefits:

- Pew guards and Dividers made with pine or poplar in a variety of stain finishes
- Dividers slide along bench style seating to instantly customize the space needed
- Clear plexiglass on both the guards and dividers is easy to clean and disinfect
- Pew guards clamp onto the pew back

Waiting Room Shields

A simple solution for sneeze/cough guard protection while waiting for your appointment. Stable & sturdy and easy to install, these panels can quickly be mounted to any wall in your waiting room. The clear plexiglass edges have (2) aluminum channels for mounting.

Features and Benefits:

- Quick and easy installation
- Comes with mounting hardware

Bus Driver Shields

Protective shield for sneeze/cough guard protection while working at your job. Constructed using clear plexiglass. Sturdy and easy to install. The shield comes with (3) panels that are held together with clear hinges and (2) mounting hinges. While still in position the shield can be folded down for the driver to leave their sit.

Features and Benefits:

- Quick and easy installation
- Comes with mounting hardware
